How the Plan Works

Once you enroll in the Identity Theft Plan, you will receive via the mail a membership kit that will contain two personal membership cards, a membership guide and a consumer report and monitoring authorization form. If you suspect you have become a victim of identity theft, call the toll-free number on your membership card. ID TheftSmart will then assign a licensed investigator to work with you to help correct any identity theft issues you may have with affected agencies and institutions (credit card companies, financial institutions, Department of Motor Vehicles, etc.). This licensed investigator will work with you until you verify that the issue is resolved.

Covered Services

ID TheftSmart provides a credit file monitoring service through Experian (the credit repository) that will alert you to five types of credit activity commonly associated with identity theft. After you complete and return the consumer report and monitoring authorization form that is included in the membership kit, Experian will monitor your credit file daily and report any activity to you in an email to your valid email address, or in a direct mailing to you if no valid email address is on file.

The five items that will cause an alert to be sent to you are:

- A request or report of credit using your name and Social Security Number, but at an address that differs from your current address on file;
- An opening of credit in your name;
- Any negative information that has been reported to the credit repository;
- A change to your public record, such as a bankruptcy or lien report to the credit repository; and
- An inquiry into your credit information from a creditor or other authorized party, such as an employer.

If you believe your identity has been stolen or fraudulently used, call the toll-free number on your membership card to be assigned a licensed investigator who will help you

complete steps to make sure your credit and identity are securely restored. For a list of these steps, refer to the Detailed List of Covered Services section.

You will automatically receive one free up-to-date credit report based on data from Experian after you have completed and returned the consumer report and monitoring authorization form that is included in the membership kit. A detailed analysis of your credit score will be included with your free credit report. (This free credit report is provided in addition to the credit reports that you are entitled to under the Fair Credit Reporting Act, which requires each of the nationwide credit repositories—Equifax, Experian, and TransUnion—to provide you with a free copy of your credit report, at your request, once every 12 months.)

For a list of specific services ID TheftSmart can provide to you, refer to the Detailed List of Covered Services section.

Detailed List of Covered Services

What steps will ID TheftSmart take once my identity has been stolen?

After you or the credit file monitoring service report that your identity has been stolen, ID TheftSmart will assign you a licensed investigator. (If you are reporting the incident, you will have to call the toll-free number on your membership card.) Your licensed investigator will help you complete steps to restore your identity, listed below in four phases.

- **Phase 1**—Upon initial reporting that you have an identity theft issue, your licensed investigator will:
 - Assist in organizing details of the fraud and identifying the nature of the fraud.
 - Educate you on the process, your responsibilities and your rights as a fraud victim.
 - Assist in gathering and completing paperwork, including police reports.
 - Send a Fraud Packet to you, including a list of contact phone numbers for immediate fraud alerts.
 - Issue a Fraud Alert to all three credit repositories (Equifax, Experian, and TransUnion).
- **Phase 2**—Within 24 hours of receipt of your signed Limited Power of Attorney form,* your licensed investigator will issue Fraud Alerts to the following organizations:
 - Social Security Administration
 - Federal Trade Commission
 - U.S. Postal Service

- **Phase 3**—After receipt of your signed Limited Power of Attorney form* (which will be provided by the investigator) and credit report, your licensed investigator will:
 - Issue Fraud Victim statements.
 - Work with all three credit repositories to restore credit accuracy.
 - Review credit history with you and verify if the fraud includes:
 - Public Records—Liens, judgments, bankruptcies
 - Credit Accounts—New and/or derogatory (a credit account is considered derogatory if payments have not been made)
 - Addresses
 - Prior Employment
 - Issue a Fraud Alert to and work with affected financial institutions and credit card companies.
- **Phase 4**—During the case-closing process, your licensed investigator will:
 - Provide a credit bureau report follow-up 120 days after the resolution of your identity theft issue.
 - Update your member information.
 - Continue restoration until you verify that your issue has been resolved.

* These restoration services require that you sign a Limited Power of Attorney and return it to ID TheftSmart. Your signed Limited Power of Attorney allows investigators the legal rights to become your advocate—to work on your behalf—and is an essential part of restoring your identity and credit.
