UnitedHealthcare Medical Plan Options

Selecting a medical plan option for 2018 involves three key choices for eligible individuals.

- Select one of four medical plan design options. A range of coverage levels and costs is offered.
- Select coverage for:
 - yourself only — Employee
 - yourself and your spouse or domestic partner — Employee + Spouse
 - yourself and your child or children — Employee + Child(ren)
 - yourself, your spouse or domestic partner, and children — Family
- Select your medical plan carrier:
 - All eligible individuals resident in any state except Hawaii may choose from among:
 - Aetna
 - Anthem BlueCross BlueShield (Anthem BCBS)
 - United Healthcare (UHC)

Note: This section of the Benefits Handbook provides information about the UnitedHealthcare administered medical plan options only.

Information about the Aetna and Anthem BlueCross BlueShield administered medical plan options is covered in a separate section of the Benefits Handbook.

- Eligible individuals resident in CA, CO, GA, MD, VA, OR, WA, and Washington DC have an additional choice to consider:
 - Kaiser Permanente (Kaiser)

Information about the Kaiser administered medical plan options is covered in a separate section of the Benefits Handbook.

SPD and Plan Document

This section provides a summary of the Medical Plan (the “Plan”) options available through UnitedHealthCare (UHC) as of January 1, 2018.

This section, together with the *Administrative Information* section and the applicable section about participation, forms the Summary Plan Description and plan document of the Plan.

- Eligible individuals who are resident in Hawaii, may only choose between:
 - HMSA’s Health Plan Hawaii Plus (HMO)
 - HMSA’s Preferred Provider Plan (PPP)

Information about the Hawaii medical plan options is covered in a separate section of the Benefits Handbook.

All medical plan options described in this section of the Benefits Handbook offer:

- comprehensive health services
- the freedom to select between a health care provider that participates in your chosen medical plan carrier’s network, generally at a lower cost to you, or a provider that does not participate in your chosen medical plan carrier’s network, generally at a higher cost to you.

Note: Be sure to read about Health Care Flexible Spending Accounts (HCFSAs), Health Savings Accounts (HSAs) and Limited Purpose Health Care Flexible Spending Accounts (LPHCFSA). Understanding these tax-advantaged arrangements may be important to your selection of a medical plan.

A Note about ERISA

The Employee Retirement Income Security Act of 1974 (ERISA) is a federal law that governs many employer-sponsored plans including this medical plan. Your ERISA rights in connection with this Plan are detailed in the *Administrative Information* section.

¹ These plans are named for the deductible applicable to the "individual" for in-network service providers. The deductibles applicable to any other coverage level (for example, "Family coverage") or for services provided by out-of-network service providers will be significantly higher than (in many instances, double) the amounts captured in the names of the plans.

² "True" Family: This plan does not require that you or a covered eligible family member meet the "individual" deductible in order to satisfy the family deductible. If more than one person in a family is covered under this plan, benefits begin for any one covered family member only after the family deductible is satisfied. The family deductible may be met by one family member or a combination of family members. The out-of-pocket maximum functions in the same way. If more than one person in a family is covered under this plan, the out-of-pocket maximum is satisfied for any one covered family member when the family out-of-pocket maximum is satisfied. The family out-of-pocket maximum may be met by one family member or a combination of family members.

³ Office visit and prescriptions do not apply toward the annual deductible.

⁴ "Family" applies to all coverage levels except Employee-Only.

- ⁵ Not “True” Family: If more than one person in a family is covered under this plan, there are two ways the plan will begin to pay benefits for a covered family member. When a family member meets his or her individual deductible, benefits begin for that family member only, but not for the other family members. When the family deductible is met, benefits begin for every covered family member whether or not they have met their own individual deductibles. The family deductible can only be met by a combination of family members, as amounts counted toward individual deductibles count toward the larger family deductible. The out-of-pocket maximum functions in the same way. When a family member meets his or her individual out-of-pocket maximum, the out-of-pocket maximum is satisfied for that family member only, but not for the other family members. When the family out-of-pocket maximum is met, the out-of-pocket maximum is satisfied for every covered family member whether or not they have met their own individual out-of-pocket maximums. The family out-of-pocket maximum can only be met by a combination of family members, as amounts counted toward individual out-of-pocket maximums count toward the larger family out-of-pocket maximum.

Participating in the Plan

You are eligible to participate in the Plan if you meet the eligibility requirements described in the *Participating in Healthcare Benefits* section.

You have the option to cover your family members who meet the eligibility requirements that are described in the *Participating in Healthcare Benefits* section.

Retiree Eligibility

Certain retirees and their eligible family members that are not yet deemed to be eligible for Medicare may also be eligible for coverage under this plan. For information on the eligibility requirements, how to participate and the cost of coverage, see the *Participating in Pre-65 Retiree Medical Coverage* section.

Enrollment

To participate in this Plan, you must enroll for coverage. You may enroll only:

- within 30 days of the date you become eligible to participate
- during Annual Enrollment (generally in November with respect to coverage for the following calendar year)
- within 60 days of a qualifying change in family status that makes you eligible to enroll
- within 30 days of losing other coverage that you had relied upon when you waived your opportunity to enroll in this Plan.

Enrollment procedures for you and your eligible family members are described in the *Participating in Healthcare Benefits* section.

Cost of Coverage

You and the Company share the cost of coverage for both you and your eligible family members.

The cost of your coverage depends on the plan option and level of coverage you choose. The cost may change each year.

You can choose from four levels of coverage. Cost for each coverage level for eligible Marsh & McLennan Companies Employees (other than Marsh & McLennan Agency LLC – Southwest (excluding MHBT Inc., IA Consulting, Insurance Partners of Texas and Hendrick & Hendrick, Inc.)

(MMA-Southwest), Marsh & McLennan Agency LLC – Northeast (MMA-Northeast), or Security Insurance Services) is shown below.

You pay the HealthyMe rate on your annual medical plan contributions, if you and your spouse/domestic partner both enroll in the Plan and if you and your spouse/domestic partner **both** completed the Know Your Numbers steps within the designated required time period.

Note: Employees hired on or after June 1, 2017, will receive the 2018 HealthyMe rate even if they did not complete the required Know Your Numbers steps.

See the *Participating in Healthcare Benefits* section for more information on the cost of your coverage, such as information about taxes.

Imputed Income for Domestic Partner Coverage

If you cover your domestic partner or your domestic partner’s children, there may be imputed income for the value of the coverage for those family members. See the *Participating in Healthcare Benefits* section for more information on imputed income for domestic partner coverage.

The table below shows the imputed income amounts for all eligible Marsh & McLennan Companies Employees (including MMA-Southwest, MMA-Northeast and Security Insurance Services):

Section 152 Dependents
 If your domestic partner (or his or her child(ren)) qualifies as a dependent under IRS Section 152, imputed income does not apply.

ID Cards

If you are enrolled in employee only coverage you will automatically be sent one ID card for your medical coverage and one ID card for your prescription drug coverage. You will be sent one additional ID card if you enroll five or more family members in the Plan. Each ID card will list the employee's name and the names of up to five covered family members.

You will be sent your ID card(s) within two to four weeks of your enrollment.

You may request additional ID cards directly from the Claims Administrator.

How the Medical Plan Options Work

All of the medical plan options help you and your family to pay for medical care. As a participant, you may choose, each time you need medical treatment, to use:

- Any physician, hospital or lab, or
- A provider who participates in the UnitedHealthCare Choice Plus network and has agreed to charge reduced fees to the Plan members. Using the network is more cost effective than using non-network providers because their fees are typically less than those charged by non-network providers.

If you use an in-network provider, you do not need to submit a claim form. In-network providers bill the Claims Administrator directly.

Under the \$400 Deductible Plan

- Generally, the Plan's reimbursement is 80% for in-network providers and 60% of reasonable and customary charges for out-of-network providers after the Plan's deductible has been met. You pay the remainder of the fee. (There are some in-network services that don't apply to the deductible and only require copays).

Under the \$900 Deductible Plan

- Generally, the Plan's reimbursement is 80% for in-network providers and 60% of reasonable and customary charges for out-of-network providers after the Plan's deductible has been met. You pay the remainder of the fee.

Under the \$1,500 Deductible Plan

- Generally, the Plan's reimbursement is 80% for in-network providers and 60% of reasonable and customary charges for out-of-network providers after the Plan's deductible has been met. You pay the remainder of the fee.

Under the \$2,850 Deductible Plan

- Generally, the Plan's reimbursement is 70% for in-network providers and 50% of reasonable and customary charges for out-of-network providers after the Plan's deductible has been met. You pay the remainder of the fee.

See the "Detailed List of Covered Services" on page 48 for more detailed information.

Certain expenses are not covered or reimbursed by the Plan, such as any deductible you are required to meet and your share of the amounts above the reasonable and customary charge.

Some services have specific limits or restrictions; see individual service for more information.

Refer to the "What's Not Covered" on page 62 to find out about the services that are not covered under the Plan.

Benefits are only paid for medically necessary charges or for specified wellness care expenses.

Prior Authorization may be required in order to receive coverage for certain services. It is the Plan participant's responsibility (not the provider or facility) to obtain prior authorization for out-of-network

services. For more information on the prior authorization process and applicable services, refer to the description under “Utilization Review” on page 20.

IMPORTANT

UnitedHealthcare Harvard Pilgrim Health Care and Medica have partnered to provide you with greater access to Network Providers. This SPD contains information about UnitedHealthcare, Harvard Pilgrim Health Care and Medica, including their networks and the claims administration services they provide. If you have any questions after reading this material, please call the Customer Service number on the back of your ID card.

In addition, there are two websites, www.myuhc.com and www.mymedica.com, which can be accessed by you to obtain benefit information, locate Network Providers, request ID Cards, and research health topics. Please access the website identified on the back of your ID card.

Health Savings Account and Flexible Spending Accounts

If you are a participant in the \$400 Deductible Plan or \$900 Deductible Plan, you can elect a Flexible Spending Account (FSA) that allows you to put aside money before taxes are withheld so that you can pay for eligible medical, dental and vision expenses that are not reimbursed by any other coverage that you and your qualifying family members have. If you elect the \$1,500 Deductible Plan or the \$2,850 Deductible Plan, you can elect to participate instead in a Health Savings Account (HSA) and, if you choose, a Limited Purpose Health Care Flexible Spending Account (LPHCFSA).

For details about the FSA, HSA, or the LPHCFSA, see the *Health Care Flexible Spending Account*, *Health Savings Account*, or *Limited Purpose Health Care Flexible Spending Account* sections.

Deductibles

The deductible is the amount that must be paid before the Plan will reimburse any benefits.

The deductibles vary under each of the medical plan options available to you (as shown in the table below).

² “True” Family: This plan does not require that you or a covered eligible family member meet the “individual” deductible in order to satisfy the family deductible. If more than one person in a family is covered under this plan, benefits begin for any one covered family member only after the family deductible is satisfied. The family deductible may be met by one family member or a combination of family members. The out-of-pocket maximum functions in the same way. The family out-of-pocket maximum may be met by one family member or a combination of family members.

⁴ “Family” applies to all coverage levels except Employee-Only.

⁵ Not “True” Family: If more than one person in a family is covered under this plan, there are two ways the plan will begin to pay benefits for a covered family member. When a family member meets his or her individual deductible, benefits begin for that family member only, but not for the other family members. When the family deductible is met, benefits begin for every covered family member whether or not they have met their own individual deductibles. The family out-of-pocket maximum can only be met by a combination of family members, as amounts counted toward individual out-of-pocket maximums count toward the larger family out-of-pocket maximum.

Do in-network claims apply toward the out-of-network deductible?

No. Only out-of-network claims apply toward the out-of-network deductible.

Do out-of-network claims apply toward the in-network deductible?

Yes. Out-of-network claims apply toward the in-network deductible. Also, in-network claims apply toward the in-network deductible.

How do deductibles work?

Under the \$400 Deductible Plan

The Plan will begin reimbursing benefits for a covered family member once he or she has met the individual deductible (even if the entire family deductible has not been met). The family deductible is the maximum amount you have to pay before the Plan will reimburse any benefits. Copays for doctor visits (including ER and urgent care) and prescription drugs do not count toward the deductibles for the \$400 Deductible Plan. A deductible will not apply for a newborn child whose length of stay in the hospital is the same as the mother’s length of stay.

Under the \$900 Deductible Plan

The Plan will begin reimbursing benefits for a covered family member once he or she has met the individual deductible (even if the entire family deductible has not been met). The family deductible is

the maximum amount you have to pay before the Plan will reimburse any benefits. Prescription drugs do not count toward the deductibles for the \$900 Deductible Plan. A deductible will not apply for a newborn child whose length of stay in the hospital is the same as the mother's length of stay.

Under the \$1,500 Deductible Plan

If the "employee" coverage level is elected, the Plan will begin reimbursing benefits for the one covered individual once he or she has met the individual deductible. For any other coverage level (employee + spouse, employee + child(ren) or family, the Plan will begin reimbursing benefits for a covered family member (including a newborn) once the family deductible is met. In meeting your family deductible, each family member's (including a newborn's) covered expenses (medical and prescription drug expenses) count toward the family deductible. Once this family deductible is met, the Plan will pay benefits for all family members.

Under the \$2,850 Deductible Plan

The Plan will begin reimbursing benefits for a covered family member once he or she has met the individual deductible (even if the entire family deductible has not been met). The family deductible is the maximum amount you have to pay before the Plan will reimburse any benefits. A deductible will not apply for a newborn child whose length of stay in the hospital is the same as the mother's length of stay.

Do I have to meet a new deductible every year?

You and your family members will have to meet a new deductible each year.

What expenses apply toward the deductible?

Most of your medical expenses apply toward the deductible. Office visits (including ER and urgent care) and Prescription drug expenses do not apply to the deductible for the \$400 Deductible Plan. Prescription drug expenses do not apply to the deductible for the \$900 Deductible Plan.

Under the \$1,500 Deductible Plan and the \$2,850 Deductible Plan, prescription drug expenses (other than preventive drug expenses) also apply toward the deductible.

Refer to "Do preventive drug expenses apply toward the deductible?" on page 16 for further details.

Your payments for the following don't apply toward the Plan deductible:

- Amounts in excess of a reasonable and customary charge
- Prior Authorization penalties
- Services not covered by the Plan

Under the \$400 Deductible Plan

- Prescription Drugs
- Office visit copays

Under the \$900 Deductible Plan

- Prescription Drugs

Under the \$1,500 Deductible Plan

- Amounts exceeding the network negotiated price for prescription drugs (other than preventive drugs)

Under the \$2,850 Deductible Plan

- Amounts exceeding the network negotiated price for prescription drugs (other than preventive drugs)

Do preventive drug expenses apply toward the deductible?

Preventive drugs as defined by the Patient Protection Affordable Care Act for the \$400 Deductible Plan, the \$900 Deductible Plan, the \$1,500 Deductible Plan and \$2,850 Deductible Plan are covered with no cost sharing (i.e. deductible, coinsurance, copay). Certain examples include: aspirin products, fluoride products, folic acid products, immunizations, contraceptive methods, smoking cessation products, vitamin D supplements, bowel preps, primary prevention of breast cancer and statins.

If you enrolled in the \$1,500 Deductible Plan or the \$2,850 Deductible Plan, there are certain preventive medications that are not subject to the deductible. Certain examples include: hypertension, diabetes, asthma, and cholesterol lowering drugs.

Out-of-Pocket Maximums

The maximum amount you have to pay toward the cost of the medical care you receive in the course of one year (excluding your per paycheck contributions to participate in the Plan). The out-of-pocket maximums vary under each of the medical plan options as follows:

Plan feature	\$400 Deductible Plan	\$900 Deductible Plan	\$1,500 Deductible Plan	\$2,850 Deductible Plan
Out-of-pocket maximum (including deductible)	<i>In-network:</i> Employee: \$2,200 Family ⁴ : \$4,400 ⁵ <i>Out-of-network:</i> Employee: \$4,400 Family ⁴ : \$8,800 ⁵	<i>In-network:</i> Employee: \$3,000 Family ⁴ : \$6,000 ⁵ <i>Out-of-network:</i> Employee: \$6,000 Family ⁴ : \$12,000 ⁵	<i>In-network:</i> Employee: \$3,000 Family ⁴ : \$6,000 ² <i>Out-of-network:</i> Employee: \$6,000 Family ⁴ : \$12,000 ²	<i>In-network:</i> Employee: \$5,500 Family ⁴ : \$11,000 ⁵ <i>Out-of-network:</i> Employee: \$11,000 Family ⁴ : \$22,000 ⁵

² “True” Family: This plan does not require that you or a covered eligible family member meet the “individual” deductible in order to satisfy the family deductible. If more than one person in a family is covered under this plan, benefits begin for any one covered family member only after the family deductible is satisfied. The family deductible may be met by one family member or a combination of family members. The out-of-pocket maximum functions in the same way. If more than one person in a family is covered under this plan, the out-of-pocket maximum is satisfied for any one covered family member when the family out-of-pocket maximum is satisfied. The family out-of-pocket maximum may be met by one family member or a combination of family members.

⁴ “Family” applies to all coverage levels except Employee-Only.

⁵ Not “True” Family: If more than one person in a family is covered under this plan, there are two ways the plan will begin to pay benefits for a covered family member. When a family member meets his or her individual deductible, benefits begin for that family member only, but not for the other family members. When the family deductible is met, benefits begin for every covered family member whether or not they have met their own individual deductibles. The family deductible can only be met by a combination of family members, as amounts counted toward individual deductibles count toward the larger family deductible. The out-of-pocket maximum functions in the same way. When a family member meets his or her individual out-of-pocket maximum, the out-of-pocket maximum is satisfied for that family member only, but not for the other family members. When the family out-of-pocket maximum is met, the out-of-pocket maximum is satisfied for every covered family member whether or not they have met their own individual out-of-pocket maximums. The family out-of-pocket maximum can only be met by a combination of family members, as amounts counted toward individual out-of-pocket maximums count toward the larger family out-of-pocket maximum.

Prescription drug expenses apply toward the out-of-pocket maximum.

The out-of-pocket maximum doesn’t apply to:

- Amounts exceeding Plan limits
- Amounts in excess of a reasonable and customary charge
- Prior Authorization penalties
- Services not covered by the Plan
- Amounts exceeding the network negotiated price for prescription drugs.

Your deductible applies toward your out-of-pocket maximum.

Do in-network claims apply toward the out-of-network out-of-pocket maximum?

No. Only out-of-network claims apply toward the out-of-network out-of-pocket maximum.

Do out-of-network claims apply toward the in-network out-of-pocket maximum?

Yes. Out-of-network claims apply toward the in-network out-of-pocket maximum. Also, in-network claims apply toward the in-network out-of-pocket maximum.

How does the annual out-of-pocket maximum (limit) work for family members?**Under the \$400 Deductible Plan**

The Plan will begin reimbursing benefits for a covered family member at 100% once he or she has met the individual out-of-pocket maximum (even if the entire family out-of-pocket maximum has not been met).

Under the \$900 Deductible Plan

The Plan will begin reimbursing benefits for a covered family member at 100% once he or she has met the individual out-of-pocket maximum (even if the entire family out-of-pocket maximum has not been met).

Under the \$1,500 Deductible Plan

In meeting your family out-of-pocket maximum, each family member's (including a newborn's) covered expenses (medical and prescription drug expenses) count toward the family out-of-pocket maximum.

If you cover eligible family members, you must meet the family out-of-pocket maximum. Once this out-of-pocket maximum has been met, the Plan will pay benefits for all family members at 100% for in-network providers and 100% of reasonable and customary charges for out-of-network providers.

Under the \$2,850 Deductible Plan

The Plan will begin reimbursing benefits for a covered family member at 100% once he or she has met the individual out-of-pocket maximum (even if the entire family out-of-pocket maximum has not been met).

Networks

Is there a network of doctors and hospitals that I have to use?

Using the network is not mandatory, but generally, you will receive a higher reimbursement when using the network. If you use an in-network provider, you will be reimbursed 80% (70% under the \$2,850 Deductible Plan). If you use an out-of-network provider, you will be reimbursed 60% (50% under the \$2,850 Deductible Plan) of reasonable and customary charges for covered expenses after the Plan's deductible has been met.

In the event that you receive care from an out-of-network doctor (such as an anesthesiologist) while being treated at an in-network facility, benefits will be paid at the in-network level.

The network includes general practitioners, as well as specialists and hospitals. These network providers are selected by and contracted with the Claims Administrator.

Important Information about Network Providers

UnitedHealthcare is your Claims Administrator if you live in any other location within the United States. You must access a UnitedHealthcare Network Provider in order to receive the Network level of benefits.

Medica is your Claims Administrator if you live in the state of Minnesota, North Dakota or South Dakota or the county of Polk, Pierce, St. Croix, Burnett, Douglas, Bayfield, Ashland, Washburn, Sawyer, Barron, Dunn, Chippewa, or Eau Claire in Wisconsin. You must access a Medica Choice Network Provider in order to receive the Network level of benefits.

Harvard Pilgrim Health Care network is the Claims Administrator if you live in Massachusetts, Maine and New Hampshire.

Where can I get a directory that lists all the doctors and hospitals in the network?

The doctors and hospitals in the network are listed in a provider directory. The Claims Administrator provides an online directory of providers available at www.myuhc.com. You may also call the Claims Administrator.

Is there a network of providers for mental health treatment?

There is a network of mental health providers. Providers in the network are listed in a provider directory. The Claims Administrator provides an online directory available at www.myuhc.com. You may also call the Claims Administrator.

Is there a network of pharmacies?

There is a pharmacy network associated with this Plan. You must use a pharmacy in the network to receive coverage under this Plan.

To locate an in-network retail pharmacy:

- Log on to [express-scripts.com](http://www.express-scripts.com).
- Login or create an account.
- Prescriptions.
- Locate a pharmacy.

Or call Express Scripts at +1 800 987 8360 for more information.

Utilization Review

Which utilization review services are offered?

The Plan offers prior authorization and case management review.

You may obtain more information about these review services by calling the Claims Administrator.

What is Prior Authorization

Prior Authorization is a utilization review service performed by licensed healthcare professionals. The intent is to determine medical necessity and appropriateness of proposed treatment, level of care assessment, benefits and eligibility and appropriate treatment setting.

To obtain prior authorization for Covered Services from non-Network providers, call the toll-free number on the back of your ID card.

In many cases, your Non-Network Benefits will be reduced if the Claims Administrator has not provided prior authorization.

What services require prior authorization?

The following types of medical expenses require prior authorization or benefit determination, according to your Claims Administrator's medical policies:

- Air Ambulance (air ambulance only suspends for medical review, there is no penalty applied)
- Ambulance - non-emergent air;
- Clinical trials;
- Durable Medical Equipment for items that will cost more than \$1,000 to purchase or rent, including diabetes equipment for the management and treatment of diabetes;
- Gender Reassignment Surgery
- Genetic testing – BRCA;
- Home health care for nutritional foods and skilled nursing;
- Home Infusion Therapy (billed by home infusion specialist)
- Hospice care - inpatient;
- Hospital Inpatient Stay - all scheduled admissions;
- Infertility services;
- Lab, x-ray and diagnostics – Outpatient – sleep studies;
- Maternity care that exceeds the delivery timeframes;
- Mental Health Services - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility);

- Neurobiological Disorders - Mental Health Services for Autism Spectrum Disorders -inpatient services (including Partial Hospitalization/Day treatment and services at a Residential Treatment Facility);
- Obesity surgery;
- Private Duty Nursing Care;
- Reconstructive Procedures, including breast reconstruction surgery following mastectomy and breast reduction surgery;
- Skilled Nursing Facility/Inpatient Rehabilitation Facility Services;
- Substance Use Disorder Services - inpatient services (including Partial Hospitalization/Day Treatment and services at a Residential Treatment Facility);
- Therapeutics - outpatient dialysis treatments, intensity modulated radiation therapy and MR-guided focused ultrasound as described under Therapeutic Treatments – Outpatient; and
- Transplants.

If you have an emergency hospital admission, surgery or specified procedure, you, a family member, your physician or the hospital must notify your Claims Administrator within 48 hours of service.

If the procedure or treatment is performed for any condition other than an emergency condition, the call must be made at least 14 days before the date the procedure is to be performed or the treatment is to start. If it is not possible to make the call during the specified time, it must be made as soon as reasonably possible before the date the procedure or treatment is to be performed.

If you are receiving an infused medication, certain medications may require use of the lowest cost site of care.

Do I need to have my maternity coverage prior authorized?

No. Prior Authorization within 48 hours is not required for the initial hospital admission.

You must notify the prior authorization service if the mother or her newborn stay in the hospital longer than 48 hours after a vaginal delivery or 96 hours after a Cesarean birth. This notification must occur within 24 hours of the determination to extend the stay.

When do I obtain prior authorization?

You, your family member or health care professional must obtain prior authorization as soon as you know you need a service requiring prior authorization, but not less than 14 days prior to the procedure or treatment.

Note: You are responsible for ensuring your service has been prior authorized.

How do I obtain prior authorization?

Initiate the prior authorization process by calling the Claims Administrator at the toll-free number on the back of your ID card.

What happens if I fail to obtain prior authorization?

If you fail to obtain prior authorization, your out-of-network benefits will be reduced by your out-of-network benefits will be reduced by 50%. (Prior Authorization penalties do not apply towards your deductible or out-of-pocket maximum.)

You are responsible for preauthorizing out-of-network services only. Your in-network provider will preauthorize all other services to the extent required by your Claims Administrator.

What approvals do I need if I am going into the hospital?

You must obtain prior authorization as soon as possible but at least 14 days before you are admitted for a non-emergency hospital admission or stay.

If you have an emergency hospital admission, surgery or specified procedure, you, a family member, your physician or the hospital must preauthorize within 48 hours of the service.

Case Management Review (Personal Health Support)

UnitedHealthcare provides a program called Personal Health Support (PHS) which is designed to encourage personalized, efficient care for you and your covered Dependents. Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified when you or your provider calls the toll-free number on your ID card regarding an upcoming treatment or service.

If you are living with a chronic condition or dealing with complex health care needs, UnitedHealthcare may assign to you a primary nurse, referred to as a Personal Health Support Nurse, to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and wellbeing.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice.

When you call to obtain prior authorization, a Personal Health Support Nurse can identify a major medical condition, that condition will be subject to case management review. Case management review aims at identifying major medical conditions early in the treatment plan and makes recommendations regarding the medical necessity of requested health care services.

Personal Health Support Nurses with experience in intensive medical treatment and rehabilitation provide case management services. The case manager works with the patient's physician to identify available resources and develop the best treatment plan and may even recommend services and equipment

Situations that may benefit from case management include severe illnesses and injuries such as:

- Head trauma
- Organ transplants

- Burn cases
- Neo-natal high risk infants
- Multiple fractures
- HIV-related conditions
- Brain injuries
- Cancer
- Prolonged illnesses
- Degenerative neurological disorders (e.g. multiple sclerosis).

To best help the patient, the Personal Health Support Nurses should be involved from the earliest stages of a major condition. This service gives you access to a knowledgeable professional who will use his or her expertise to assist you and your physician in considering your treatment options.

If the Personal Health Support Nurses questions the necessity of the proposed hospital admission or procedure, a physician advisor may contact your physician to discuss your case and suggest other treatment options that are generally utilized for your condition. You, your physician, and the case manager will be informed of the outcome of the review, and the Claims Administrator will determine the level of benefit coverage you will receive. You and your physician will be notified of the utilization reviewer's recommendation by telephone and in writing. You will also be informed of the appeal process if the procedures your physician ultimately recommends are not covered under the Plan (as determined by the Claims Administrator).

Does the Plan cover formulary and non-formulary brand-name prescription drugs?

The Plan covers formulary and non-formulary prescription drugs purchased via the Plan's mail order service or a participating retail pharmacy. The prescription drugs in the formulary may change.

To price medications and check formulary, visit www.express-scripts.com.

Unless your physician specifically prescribes a brand-name medication without substitution, prescriptions will be filled with the generic equivalent when allowed by state law.

Does the Plan cover generic drugs?

The Plan covers generic prescription drugs purchased via the Plan's mail order service or a participating retail pharmacy.

What happens if I buy a brand-name prescription drug when a generic drug is available?

Unless your physician specifically prescribes a brand name medicine without substitution, prescriptions will be filled with the generic equivalent when allowed by state law.

If you or your physician requests the brand-name prescription drug when a generic prescription drug is available and there is no medical reason for the brand-name prescription drug, you pay your share of the cost for the generic drug in addition to the difference between the brand-name prescription drug and generic prescription drug gross cost.

How does the Plan cover generic and brand-name contraceptive medications with no generic equivalent?

The Plan will cover generic and brand-name contraceptive medications **with no generic equivalent** at 100% in-network with no cost sharing as long as a valid prescription is submitted.

What is the Plan coverage for preventive drugs?

Preventive drugs as defined by the Patient Protection Affordable Care Act for the \$400 Deductible Plan, the \$900 Deductible Plan, the \$1,500 Deductible Plan and \$2,850 Deductible Plan are covered with no cost sharing (i.e. deductible, coinsurance, copay). Certain examples include: aspirin products, fluoride products, folic acid products, immunizations, contraceptive methods, smoking cessation products, vitamin D supplements, bowel preps, primary prevention of breast cancer and statins.

If you enrolled in the \$1,500 Deductible Plan or the \$2,850 Deductible Plan, there are certain preventive medications that are not subject to the deductible. Certain examples include: hypertension, diabetes, asthma, and cholesterol lowering drugs.

Call Express Scripts at +1 800 987 8360 for more information about preventive drugs or log on to the Drug Pricing Tool. Follow the provided steps to access the Drug Pricing Tool.

- Log on to express-scripts.com.
- Login or create an account.
- Prescriptions.
- Price a medication.
- Choose a pharmacy and enter drug name.

The Pharmacy Benefits Manager provides an online directory of network pharmacies available at www.express-scripts.com. You may also call the Pharmacy Benefits Manager.

Is there a mail-order program?

The Plan's mail order service allows participants to order up to a 90-day supply of prescription medication by mail for certain medications. Using the mail order service for these medications will generally cost you less than using a retail pharmacy.

If I buy more than three fills of a prescription drug at a retail pharmacy, will I have to pay more?

For all maintenance prescription drugs, after purchasing the first three fills of a prescription drug (the initial fill plus two refills) at a participating retail pharmacy, if you choose to continue to fill the prescription at a retail pharmacy, you pay 100% of the negotiated price for up to a 30-day supply for all subsequent refills.

If I purchase a specialty medication at retail, will the prescription be covered?

If a specialty medication is filled at retail, the prescription will not be covered and amounts you pay for the not covered prescription will not accumulate to the out-of-pocket maximum.

Are any prescription drugs or drug supplies subject to limitations?

You may be subject to several different types of drug management programs. These include quantity management, prior authorization and qualification by history or step therapy.

Quantity Management

To ensure safe and effective drug therapy, certain covered medications may have quantity restrictions. These quantity restrictions are based on manufacturer and/or clinically approved guidelines and are **subject to periodic review and change**.

Select examples of drug categories include:

- Antiemetic agents
- Antifungal agents
- Cancer therapy
- Cardiovascular agents
- Diabetic agents
- Diabetic devices (blood glucose meters)
- Erectile dysfunction agents
- Fertility agents
- Hypnotic agents
- Inhaler spacers
- Migraine therapy
- Narcotic analgesics
- Non-narcotic analgesics
- Rheumatological agents

- Specialty medications.

Prior Authorization

Certain medical treatments and prescription medicines need prior approval (which may include the submission of clinical information by your prescriber) before the Plan will cover them. This requirement is to ensure the treatment or medication is appropriate and effective. If you do not receive approval, you will be responsible for paying the full cost.

Select examples of drug categories include:

- Androgens and anabolic steroids
- Anorexiant
- Antinarcotics
- Cancer therapy
- Dermatologicals
- Specialty medications – require prior authorization under the Plan and are subject to quantity limitations as well
 - Examples of drug categories include: Botulinum Toxins (Botox), Growth Hormones, Hepatitis, Immune Globulins, Multiple Sclerosis, Myeloid Stimulants, Psoriasis, Pulmonary Arterial Hypertension (PAH), Rheumatoid Arthritis, RSV agents.

The drugs that require prior authorization may be modified. To obtain prior authorization for coverage ask your doctor to call Express Scripts at +1 800 753 2851. After they receive the necessary information, you and your doctor will be notified confirming whether or not coverage has been approved.

Qualification by History (Step Therapy)

Some medications require the trial of another drug and/or require certain criteria such as age, sex, or condition (determined by previous claims history) to receive coverage. In these cases, a coverage review will be required if certain criteria cannot be determined from past history.

Select examples of drug categories include:

- Cardiovascular agents
- COX-II Inhibitors
- Dermatologicals
- Migraine therapy
- Osteoporosis agents
- Specialty medications

Examples of drug categories include: Erythroid Stimulant, Fertility, Growth Hormone, Hepatitis, Multiple Sclerosis, Pulmonary Arterial Hypertension (PAH) agents.

The drugs that may become subject to qualification by history rules may be modified.

Contact the Pharmacy Benefits Manager at +1 800 987 8360 for more information about any of these programs.

Are there any limitations on specialty prescription drugs?

The Accredo Recommended Days Supply Program maintains quantity limitations for certain specialty prescription drugs in accordance with FDA approval limits and to help reduce drug waste and prescription drug costs.

The first time you submit a claim for a specialty medication on this list, you will be limited to a 30-day supply for four months, even if your physician prescribed a 90-day supply. Your copayment will be prorated, so you will not be penalized for filling the prescription in 30-day supply increments instead of a 90-day supply.

An Accredo Representative will contact both you and your physician to explain why the prescription has been limited to a 30-day supply, discuss therapy and the disease state and discuss the importance of compliance.

In addition, specialty medications require prior authorization under the Plan and are subject to quantity limitations and cost caps. These limits are subject to change and are discussed above.

Certain specialty drugs which you can administer to yourself (or a caregiver may administer to you) are not covered under the medical benefit. These drugs will only be covered through Express Scripts' Accredo Specialty Pharmacy. If these medications are obtained from an outpatient clinic, a home infusion company, a doctor's office or from another pharmacy, they will not be covered and you will be responsible for the full cost of the medication. This does not apply to medications supplied by an emergency room or during an inpatient hospital stay.

Contact the Pharmacy Benefits Manager at +1 800 987 8360 for more information about any of these programs.

Medical Specialty Drugs Administered by a Medical Provider

Your Plan covers certain Specialty Drugs that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting or in your home by a home infusion provider.

Prior Authorization

Prior authorization is required for certain Medically Administered Specialty Drugs to help make sure proper use and guidelines for these drugs are followed. Your Provider will submit clinical information which will be reviewed for decision.

For a list of Medically Administered Specialty Drugs that need prior authorization, please contact your Claims Administrator. Drugs requiring prior authorization may be updated from time to time.

Your Provider may check with us to verify Specialty Drug coverage, to find out which drugs are covered under this section and if prior authorization is required.

If you are receiving an infused medication, certain medications may require use of the lowest cost site of care.

What prescription drugs and drug supplies are excluded from prescription drug coverage?

The following drugs and drug supplies are excluded from prescription drug coverage:

- Over-the-counter drugs (including topical contraceptives, nicotine products, vitamins and minerals, nutritional products including enteral products and infant formulas, homeopathic products and herbal remedies). Certain drugs will be covered with a prescription under Health Care Reform.
- Medical equipment and devices – insulin pumps, insulin pump syringes
- Home diagnostic kits
- All injectables (other than self-administered injectables and injectable drugs in connection with approved infertility treatment)
- Allergy serums
- Plasma and blood products
- Drugs for cosmetic use
- Prescription products with an over the counter equivalent
- Investigational drugs, experimental use drugs, non-FDA approved drugs and compounds.

Note, you can receive the Pharmacy Benefits Manager's discounted price when you fill a prescription for a non-covered drug through the Pharmacy Benefits Manager's mail order program. You will pay 100% of the cost at the negotiated rate.

Is there a network of pharmacies?

There is a pharmacy network associated with this Plan. You must use a pharmacy in the network to receive coverage under this Plan.

The Pharmacy Benefits Manager provides an online directory of network pharmacies.

To locate an in-network retail pharmacy:

- Log on to express-scripts.com.
- Login or create an account.
- Prescriptions.
- Locate a pharmacy.

Or call Express Scripts at +1 800 987 8360 for more information.

How do I file a claim for benefits for prescription drugs?

All prescriptions filled at a participating retail pharmacy require you to provide an ID card for coverage under the Plan. You are responsible for the applicable copayment or coinsurance. Rarely will you need to file a claim with the Pharmacy Benefits Manager (one example may be a prescription filled at retail before you have received your ID card). To file a claim, contact the Pharmacy Benefits Manager.

Claim forms are available on the Pharmacy Benefits Manager's website. If you file a claim within 60 days of your effective date with the Plan, you will be reimbursed 100% of your out of pocket expense minus the appropriate coinsurance. After your 60 day grace period, you have 12 months from the date the expense was incurred to submit a claim. You are responsible for the difference between the discounted in-network price and the out-of-network price and the appropriate coinsurance.

Is there a separate ID card for the prescription drug program?

Yes, there is a separate ID card for the prescription drug program. If you are enrolled in medical coverage, you will automatically be sent a prescription drug ID card in addition to your medical plan ID card. You will be sent one additional prescription ID card if you enroll one or more family members in the program. Each ID card will list the names of all covered family members.

You may request additional ID cards directly from the Pharmacy Benefits Manager.

Transgender surgery is covered for persons that meet all of the following conditions:

- You are at least 18 years old
- Receive a written psychological assessment from at least one (for breast surgery) or two (for genital surgery) qualified behavioral health provider experienced in treating Gender Dysphoria.
 - Assessment must document that member meets specific criteria set by UHC, including persistent, well-documented Gender Dysphoria
- Prior Authorization is required. Contact the Claims Administrator for specific details.

What transgender surgery benefits will the Plan pay?

The Plan will provide medically necessary benefits in connection with transgender surgery.

Call the Claims Administrator at the number on the back of your ID card for specifics on what is covered and excluded by the Plan.

Temporomandibular Joint (TMJ) Coverage

The Plan covers services for diagnostic and surgical treatment of conditions affecting the temporomandibular joint when provided by and under the direction of a physician. Coverage includes the diagnostic or surgical treatment required as a result of an accident, trauma, congenital defect, developmental defect or pathology.

- Diagnostic coverage includes examination, radiographs and applicable imaging studies, and consultation.
- Non-surgical treatment includes clinical examinations, oral appliances (orthotic splints), arthrocentesis and trigger-point injections. Surgical treatment* includes arthrocentesis, arthroscopy, arthroplasty, arthrotomy, open or closed reduction of dislocations and TMJ implants.

*Surgical treatment is provided if the following criteria are met:

- There is clearly demonstrated radiographic evidence of significant joint abnormality.
- Non-surgical treatment has failed to adequately resolve the symptoms.
- Pain or dysfunction is moderate or severe.

See “What’s Not Covered” on page 62 for TMJ exclusions.

Virtual Medicine

What is Virtual Visits?

Virtual Visits lets you talk to a US board-certified doctor through your mobile device or a computer with a webcam. The doctor can diagnose, recommend treatment and prescribe medication, when appropriate, for many medical issues. You can use this service for common health concerns like

colds, the flu, fevers, rashes, infections, allergies, etc. Virtual Visits also provides services for Psychology and Psychiatry.

When is Virtual Visits available?

Doctors are available on Virtual Visits 24/7, 365 days a year.

How does Virtual Visits work?

When you need to see a doctor, go to www.myuhc.com or access the Virtual Visits mobile app to set up an account. Establishing an account allows you to securely store your personal and health information. Once connected, you can talk and interact with the doctor.

If you are using Virtual Visits for the first time, you will be asked to answer a brief questionnaire about your health before you speak with a doctor. Then the information from your first online visit will be available for future online visits.

Do doctors have access to my health information?

Doctors can only access your health information and review previous treatment recommendations and information from your prior Virtual Visits visits.

How do I access the Virtual Visits mobile app?

You can download the mobile app for free on your mobile device by visiting the App Store or Google Play.

How do I pay for the online doctor's visit?

Virtual Visits accepts Visa, MasterCard and Discover cards as payment for an online visit with a doctor. Prescriptions aren't included in the cost of your doctor's visit.

Can I get online care from a doctor if I'm traveling or in another state?

If you are located in a state where Virtual Visits is available, you can get online care. To determine if online visits with a doctor are available in your state, visit www.myuhc.com and view the state map at the bottom of the home page.

Who do I contact for additional information?

You can call +1 866 540 5954.

Detailed List of Covered Services

The Plan reimburses medically necessary covered services and supplies for the diagnosis and treatment for an illness or injury. The Claims Administrator determines whether the service or supply is covered and determines the amount to be reimbursed.

Most services and supplies are subject to a deductible and coinsurance.

Your costs for out-of-network services apply toward the in-network deductible and out-of-pocket maximum. However, your costs for in-network services do not apply toward the out-of-network deductible and out-of-pocket maximum.

What's Not Covered

The Plan will not pay benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

- It is recommended or prescribed by a physician.
- It is the only available treatment for your condition.

The Claims Administrator may modify this list at their discretion, and you will be notified of any such change.

Alternative Treatments

- Acupressure
- Aroma therapy
- Hypnotism
- Massage therapy
- Rolfing
- Other forms of alternative treatment as defined by the Office of Alternative Medicine of the National Institutes of Health.

Comfort or Convenience

- Television
- Telephone
- Beauty/barber service

- Guest service
- Supplies, equipment and similar incidental services and supplies for personal comfort. Examples include:
 - Air conditioners
 - Air purifiers and filters
 - Batteries and battery chargers
 - Dehumidifiers
 - Humidifiers
 - Devices and computers to assist communication and speech
- Home remodeling to accommodate a health need (such as, but not limited to, ramps and swimming pools).

Dental

- Dental care except when necessary because of accidental damage to an unrestored tooth. Such services must be performed by a Doctor of Dental Surgery (DDS) or Doctor of Medical Dentistry (DMD). Dental services for final treatment to repair the damage must be started within 12 months of the accident and completed in the calendar year or within the following calendar year.
- Preventive care, diagnosis, treatment of or related to the teeth, jawbones or gums. Examples include all of the following:
 - Extraction, restoration and replacement of teeth
 - Medical or surgical treatments of dental conditions
 - Services to improve dental clinical outcomes
- Dental implants
- Dental braces
- Dental X-rays, supplies and appliances and all associated expenses, including hospitalization and anesthesia. The only exceptions to this are for any of the following:
 - Transplant preparation
 - Initiation of immunosuppressives
 - The direct treatment of acute traumatic injury, cancer or cleft palate
- Treatment of congenitally missing, malpositioned or super numerary teeth, even if part of a congenital anomaly.

Drugs

- Over-the-counter drugs and treatments

Experimental or Investigational Services or Unproven Services

Medical, surgical, diagnostic, psychiatric, substance abuse or health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Claims Administrator makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the US Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopeia Dispensing Information as appropriate for the proposed use
- Subject to review and approval by any institutional review board for the proposed use
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Foot Care

- Except when needed for severe systemic disease:
 - Routine foot care (including the cutting or removal of corns and calluses)
 - Nail trimming, cutting, or debriding (surgical removal of tissue)
- Hygienic and preventive maintenance foot care. Examples include the following:
 - Cleaning and soaking the feet
 - Applying skin creams in order to maintain skin tone
 - Other services that are performed when there is not a localized illness, injury or symptom involving the foot
- Treatment of flat feet
- Treatment of subluxation (partial dislocation) of the foot
- Shoe orthotics

Medical Supplies and Appliances

- Devices used specifically as safety items or to affect performance in sports-related activities
- Prescribed or non-prescribed medical supplies and some disposable supplies. Examples include:
 - Elastic stockings
 - Ace bandages

- Gauze and dressings
- supplies
- Orthotic appliances that straighten or re-shape a body part (including some types of braces)

Tubings, nasal cannulas, connectors and masks are not covered except when used with durable medical equipment

Mental Health/Substance Abuse

- Services performed in connection with conditions not classified in the current edition of the Diagnostic and Statistical Manual of the American Psychiatric Association
- Outside of an initial assessment, services as treatments for a primary diagnosis of conditions and problems that may be a focus of clinical attention, but are specifically noted not to be mental disorders within the current edition of the Diagnostic and Statistical Manual of the American Psychiatric Association
- Outside of initial assessment, services as treatments for the primary diagnoses of learning disabilities, conduct and impulse control disorders, pyromania, kleptomania, gambling disorder and paraphilic disorder
- Educational/behavioral services that are focused on primarily building skills and capabilities in communication, social interaction and learning
- Tuition for or services that are school-based for children and adolescents required to be provided by, or paid for by, the school under the *Individuals with Disabilities Education Act*
- Outside of initial assessment, unspecified disorders for which the provider is not obligated to provide clinical rationale as defined in the current edition of the Diagnostic and Statistical Manual of the American Psychiatric Association
- Intensive Behavioral Therapies such as Applied Behavior Analysis for Autism Spectrum Disorders
- Transitional Living services
- Treatment provided in connection with or to comply with commitments, police detentions and other similar arrangements, unless authorized by the Plan's prior authorization review service

Nutrition

- Megavitamin and nutrition based therapy
- Nutritional counseling for either individuals or groups, including weight loss programs, health clubs and spa programs, health clubs and spa programs except when necessary in treating chronic disease states in which dietary adjustment has a therapeutic role and is prescribed by a physician and furnished by a provider as preventive care (e.g., a registered dietician, licensed nutritionist or other qualified licensed health provision) recognized under the plan.

Nutritional and electrolyte supplements, including infant formula, donor breast milk, nutritional supplements, dietary supplements, diets for weight control or treatment of obesity (including liquid

diets or food), food of any kind (diabetic, low fat, cholesterol), oral vitamins, and oral minerals except when sole source of nutrition or except when a certain nutritional formula treats a specific inborn error of metabolism.

Orthognathic Coverage Exclusion

The Plan does not cover the diagnosis or treatment of the jawbones including orthognathic surgery (procedure to correct underbite or overbite) and jaw alignment.

Physical Appearance

- Cosmetic procedures. Examples include:
 - Pharmacological regimens (e.g., systematic course of drugs), nutritional procedures or treatments
 - Scar or tattoo removal or revision procedures (such as salabrasion, chemosurgery and other such skin abrasion procedures)
 - Skin abrasion procedures performed as a treatment for acne
 - Orthognathic surgery, for cosmetic reasons
- Replacement of an existing breast implant if the earlier breast implant was performed as a cosmetic procedure. Note: Replacement of an existing breast implant is considered reconstructive if the initial breast implant followed mastectomy.
- Physical conditioning programs such as athletic training, body-building, exercise, fitness, flexibility, and diversion or general motivation.
- Weight loss programs whether or not they are under medical supervision. Weight loss programs for medical reasons are also excluded.

Wigs are generally excluded except in cases of hair loss due a severe medical condition or treatment.

Providers

- Services performed by a provider who is a family member by birth or marriage, including spouse, brother, sister, parent or child. This includes any service the provider may perform on himself or herself.
- Services performed by a provider with your same legal residence
- Services provided at a free-standing or hospital-based diagnostic facility without an order written by a physician or other provider. Services that are self-directed to a free-standing or hospital-based diagnostic facility. Services ordered by a physician or other provider who is an employee or representative of a free-standing or hospital-based diagnostic facility, when that physician or other provider:
 - Has not been actively involved in your medical care prior to ordering the service, or
 - Is not actively involved in your medical care after the service is received.

This exclusion does not apply to mammography testing.

Reproduction

- Health services and associated expenses for infertility treatments (except those described under Infertility Treatment)
- Oocyte cryopreservation or storage is not covered under any circumstances
- Surrogate parenting
- The reversal of voluntary sterilization
- Fees or direct payment to a donor for sperm or ovum donations
- Monthly fees for maintenance and / or storage of frozen embryos.

Services Provided under Another Plan

- Health services for which other coverage is required by federal, state or local law to be purchased or provided through other arrangements. This includes, but is not limited to, coverage required by workers' compensation, no-fault auto insurance, or similar legislation. If coverage under workers' compensation or similar legislation is optional for you because you could elect it, or could have it elected for you, benefits will not be paid for any injury, sickness or mental illness that would have been covered under workers' compensation or similar legislation had that coverage been elected
- Health services for treatment of military service-related disabilities, when you are legally entitled to other coverage and facilities are reasonably available to you
- Health services while on active military duty.

TMJ

- Surface electromyography
- Doppler analysis
- Vibration analysis
- Computerized mandibular scan or jaw tracking
- Craniosacral therapy
- Orthodontics
- Occlusal adjustment
- Dental restorations
- Any charges for services that are dental in nature.

Transplants

- Health services for organ and tissue transplants, except those described under Organ Transplants
- Health services connected with the removal of an organ or tissue from you for purposes of a transplant to another person (Donor costs for removal are payable for a transplant through the organ recipient's benefits under the Plan)
- Health services for transplants involving mechanical or animal organs
- Any solid organ transplant (e.g. heart, lung, etc.; not blood, bone marrow, etc.) that is performed as a treatment for cancer
- Any multiple organ transplant not listed as a covered service.

Travel

- Health services provided in a foreign country, unless required as emergency health services
- Travel or transportation expenses to and from your home, even though prescribed by a physician.
 - Some travel expenses related to covered transplantation services may be reimbursed at the Claims Administrator's discretion. For example, travel for solid organ and bone marrow transplants or obesity surgery in an approved facility more than 100 miles from your home is covered up to \$50 per night for lodging, and up to \$10,000 per episode of care for travel and lodging combined.

Vision and Hearing

- Purchase cost of eye glasses, contact lenses, or hearing aids
- Fitting charge for hearing aids, eye glasses or contact lenses
- Orthoptics or other vision therapy
- Surgery that is intended to allow you to see better without glasses or other vision correction, including radial keratotomy, laser, and other refractive eye surgery.

Work-Related Accident and Illness

The Plan does not cover work-related accidents or illnesses. Work-related accidents and illnesses should be reported as soon as they occur to your Human Resources representative for consideration under the Worker's Compensation program.

All Other Exclusions

- Health services and supplies that do not meet the definition of a Covered Service

- Physical, psychiatric or psychological exams, testing, vaccinations, immunizations or treatments that are otherwise covered under the Plan when:
 - Required solely for purposes of career, education, sports or camp, travel, employment, insurance, marriage or adoption
 - Related to judicial or administrative proceedings or orders
 - Conducted for purposes of medical research
 - Required to obtain or maintain a license of any type
- Treatment for insomnia and other sleep disorders, dementia, neurological disorders and other disorders without a known physical basis
- Health services received after the date your coverage under the Plan ends, including health services for medical conditions arising before the date your coverage under the Plan ends
- Health services for which you have no legal responsibility to pay, or for which a charge would not ordinarily be made in the absence of coverage under the Plan
- In the event that a non-network provider waives copayments and/or the annual deductible for a particular health service, no benefits are provided for the health service for which the copayments and/or annual deductible are waived
- Charges in excess of eligible expense or in excess of any specified limitation
- Custodial care
- Domiciliary care (e.g., group living arrangements)
- Respite care
- Rest cures
- Psychosurgery (brain surgery to treat psychiatric symptoms)
- Treatment of benign gynecomastia (abnormal breast enlargement in males)
- Medical and surgical treatment of excessive sweating (hyperhidrosis)
- Medical and surgical treatment for snoring, except when provided as a part of treatment for documented obstructive sleep apnea
- Appliances for snoring
- Any charges for missed appointments, room or facility reservations, completion of claim forms or record processing
- Any charges higher than the reasonable and customary charge
- Any charge for services, supplies or equipment advertised by the provider as free

- Any charges by a provider sanctioned under a federal program for reason of fraud, abuse or medical competency
- Any charges prohibited by federal anti-kickback or self-referral statutes
- Any additional charges submitted after payment has been made and your account balance is zero
- Any charges by a resident in a teaching hospital where a faculty physician did not supervise services
- Outpatient rehabilitation services, spinal treatment or supplies including, but not limited to spinal manipulations by a chiropractor or other doctor, for the treatment of a condition which ceases to be therapeutic treatment and is instead administered to maintain a level of functioning or to prevent a medical problem from occurring or reoccurring
- Spinal treatment, including chiropractic and osteopathic manipulative treatment, to treat an illness, such as asthma or allergies
- Speech therapy to treat stuttering, stammering, or other articulation disorders.

Filing a Claim

How do I file a claim for benefits?

If you use an in-network provider, in almost all cases, you do not have to file a claim form. The provider will file a claim directly with the Claims Administrator. Once the claim is processed you will be billed for the appropriate coinsurance amount, deductible (and applicable copays).

If you receive services from a provider who does not participate in the network, you need to file a claim form to receive benefits.

You can obtain a UnitedHealthcare Medical Claim Form on Colleague Connect (<https://colleagueconnect.mmc.com>). Click **Career & Rewards** and select **Find a Document**.

Read and follow the form's instructions. Be sure to file a separate claim form for each member of your family. Make copies of all itemized bills, and attach the originals to the claim form. You will also need to indicate whether you want the payment to go to the provider or to you.

Mail the completed claim form and all relevant documentation as the form instructs. You may include more than one bill with a claim, even if the bills are for different medical services.

You have 12 months following the date the expense was incurred to file a medical claim.

How long does it normally take to process a claim for benefits?

Most claims are normally processed within 10 business days after the claim is received by the Claims Administrator.

You can find out the status of your claims by visiting the Claims Administrator's website.

How do I file a prescription drug claim form?

All prescriptions filled at a participating retail pharmacy require you to provide an ID card for coverage under the Plan. You are responsible for the applicable copayment or coinsurance. Rarely will you need to file a claim with the Pharmacy Benefits Manager (one example may be a prescription filled at retail before you have received your ID card). Should you need to file a claim, contact the Pharmacy Benefits Manager.

Claim forms are available on the Pharmacy Benefits Manager's website. Should you need to file a claim you are responsible for the difference between the discounted and undiscounted price. You have 12 months from the date the expense was incurred to submit a claim.

How do I file a claim for hospital charges?

Hospitals will submit a claim from your hospital stay directly to the Claims Administrator. After receiving reimbursement from the Claims Administrator, the hospital will then bill you for any coinsurance or amount not eligible for reimbursement.

Be sure to review the hospital bill and to request an explanation of any charges that you question or do not understand. You should let the Claims Administrator know if you have a concern about the charges on your hospital bill.

You have up to 12 months following the date the expense was incurred to file a claim.

Can I be reimbursed for claims incurred outside the United States?

No, you cannot be reimbursed for services incurred outside the US unless they are considered emergency services. If you incur eligible emergency medical or prescription drug expenses while living or traveling outside of the US, your claim's processing will be expedited if the receipts are in English or if the person providing the services gives you a letter in English explaining the treatment. The Claims Administrator will convert the bill to US dollars using an exchange rate on the day the services were performed.

You have 12 months following the date the expense was incurred to file a claim.

What is an Explanation of Benefits (EOB)?

An Explanation of Benefits statement outlines how the amount of benefit, if any, was calculated. The statement also shows your year-to-date deductible and out-of-pocket expenses. If you are due reimbursement, a check will be mailed to you with an explanation of benefits statement, or to the provider if you assigned payment.

An Explanation of Benefits statement lets you verify that the claim was processed correctly. Always read your statement carefully, checking to make sure that you were billed only for:

- Services you received, on the day(s) you received them, only from the provider of care
- The exact type of services you received (e.g., if you participated in a group therapy session, make sure that you are not billed for individual treatment)
- The amount you were told the treatment would cost

- The type of medication you received (e.g., if you receive generic medication, check that you are not billed for brand name medication).

If your statement lists services you did not receive, please notify the Claims Administrator.

If you authorize that reimbursement be made directly to your provider, both you and the provider will receive an Explanation of Benefits statement, and the provider receives payment.

What happens if I am overpaid for a claim?

If the Plan overpays benefits to you (or a covered family member), you are required to refund any benefit you receive from the Plan that:

- Was for an expense that you (or a covered family member) did not pay or were not legally required to pay;
- Exceeded the benefit payable under the Plan; or
- Is not covered by the Plan.

If a benefit payment is made to you (or a covered family member), which exceeds the benefit amount, this Plan has the right:

- To require the return of the overpayment on request; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of you or a covered family member.

Appealing a Claim

There are special rules, procedures and deadlines that apply to appeals of benefit determinations and denied claims and you have special legal rights under ERISA. Please refer to the *Administrative Information* section for a description of the appeal process.

Glossary

ACTIVELY-AT-WORK

If you are eligible for coverage and enroll as a new hire, you are “Actively-At-Work” on the first day that you begin fulfilling your job responsibilities with the Company at a Company-approved location. If you are absent for any reason on your scheduled first day of work, your coverage will not begin on that date. For example, if you are scheduled to begin work on August 3rd, but are unable to begin work on that day (e.g., because of illness, jury duty, bereavement or otherwise), your coverage will not begin on August 3rd. Thereafter, if you report for your first day of work on August 4th, your coverage will be effective on August 4th.

AFTER-TAX (POST-TAX) CONTRIBUTIONS

Contributions taken from your paycheck after taxes are withheld.

BEFORE-TAX (PRE-TAX) CONTRIBUTIONS

Contributions taken from your paycheck generally before Social Security (FICA and Medicare) and federal unemployment insurance (FUTA) taxes and other applicable federal, state, and other income taxes are withheld.

CLAIMS ADMINISTRATOR/PHARMACY BENEFITS MANAGER

Vendor that administers the Plan and processes claims; the vendor's decisions are final and binding.

COINSURANCE

The percentage of expenses the plan pays after you meet your deductible. For purposes of the charts in this document, the percentages represent the portion of the costs that the Plan pays for covered services. So, for example, if the chart indicates 80%, the portion you will be responsible for is 20%.

CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT (COBRA)

A federal law that lets you and your eligible family members covered by a group health plan extend group health coverage temporarily, at their own expense, at group rates plus an administrative fee, in certain circumstances when their coverage would otherwise end due to a "qualifying event", as defined under COBRA.

A "qualifying event" under COBRA includes loss of coverage as a result of your leaving the Company (other than for gross misconduct); a reduction in hours, your death, divorce or legal separation; your eligibility for Medicare, or a dependent child's loss of dependent status; or, if you are a retiree, loss of coverage due to the Company filing for bankruptcy.

COORDINATION OF BENEFITS

You or a covered family member may be entitled to benefits under another group health plan (such as a plan sponsored by your spouse's employer) that pays part or all of your health treatment costs. If this is the case, benefits from this plan will be "coordinated" with the benefits from the other plan. In addition to having your benefits coordinated with other group health plans, benefits from this plan are coordinated with "no fault" automobile insurance and any payments recoverable under any workers' compensation law, occupational disease law or similar legislation.

COPAYMENT

The flat dollar amount you pay for a certain type of health care expense.

COVERED SERVICE(S)

Medically necessary health services provided for the purpose of preventing, diagnosing or treating a sickness, injury, mental illness, substance abuse, or their symptoms.

Covered health services must be provided:

- When the Plan is in effect,
- Prior to the effective date of any of the individual termination conditions set forth in this Summary Plan Description, and
- Only when the person who receives services is a covered person and meets all eligibility requirements specified in the Plan.

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research based on well-conducted randomized trials or group studies.

The Claims Administrator determines only the extent to which a service or goods or supplies is covered under the plan and not whether the service or goods or supplies should be rendered. The coverage determination is made using the descriptions of covered charges included in this section and the Claims Administrator's own internal guidelines. The decision to accept a service or obtain a goods or supplies is yours.

DEDUCTIBLE

The amount of out-of-pocket expenses you must pay for covered services before the plan pays any expenses.

DISABILITY

A physical or mental impairment that substantially limits one or more of an individual's major life activities.

ELIGIBLE FAMILY MEMBERS

Child/Dependent Child means:

- Your biological child
- A child for whom you or your spouse are the legally appointed guardian with full financial responsibility
- The child of a domestic partner
- Your stepchild
- Your legally adopted child or a child or child placed with you for adoption.

Note: Any child that meets one of these eligibility requirements and who is incapable of self support by reason of a total physical or mental disability as determined by the Claims Administrator, may be covered beyond the end of the calendar year in which the child attains age 26.

Dependent children are eligible for healthcare coverage until the end of the calendar year in which they attain age 26. This eligibility provision applies even if your child is married, has access to coverage through his or her employer, doesn't attend school full-time or live with you, and is not your tax dependent.

Note: While married children are eligible for healthcare coverage under your plan until the end of the calendar year in which they attain age 26, this provision does not apply to your child's spouse and/or child(ren), unless you or your spouse is the child's legally appointed guardian with full financial responsibility.

The Company has the right to require documentation to verify the relationship (such as a copy of the court order appointing legal guardianship). Company medical coverage does not cover foster children or other children living with you, including your grandchildren, unless you are their legal guardian with full financial responsibility—that is, you or your spouse claims them as a dependent on your annual tax return.

ELIGIBLE RETIREE

An employee is eligible for coverage under this plan if he/she is a US regular employee of Marsh & McLennan Companies or any subsidiary or affiliate of Marsh & McLennan Companies (other MMA and any of its subsidiaries or Mercer PeoplePro) who terminates employment with five or more years of vesting service at age 55 or later, or at age 65 and eligible for active employee medical coverage at retirement or is a current retiree (under or over age 65) enrolled in retiree medical coverage.

When you or a covered family member reach age 65 or is deemed to be eligible for Medicare, the person who is age 65 or is eligible for Medicare is no longer eligible for coverage under the Pre-65 Retiree Medical Plan.

EVIDENCE OF INSURABILITY (EOI)

Evidence of Insurability (EOI) is proof of good health and is generally required if you do not enroll for coverage when you first become eligible. If the coverage level you are requesting requires such evidence or if you are increasing coverage. Establishing EOI may require a physical examination at the employee's expense. The EOI must be provided to and approved by the insurer/vendor before coverage can go into effect.

EXPERIMENTAL OR INVESTIGATIONAL SERVICES

Medical, surgical, diagnostic, psychiatric, mental health, substance use disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time the Claims Administrator makes a determination regarding coverage in a particular case, are determined to be any of the following:

- not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use;
- subject to review and approval by any institutional review board for the proposed use (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational); or
- the subject of an ongoing Clinical Trial that meets the definition of a Phase 1, 2 or 3 Clinical Trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

If you are not a participant in a qualifying Clinical Trial and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator may, at its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such consideration, the Claims Administrator must determine that, although unproven, the service has significant potential as an effective treatment for that Sickness or condition.

EXPLANATION OF BENEFITS (EOB)

A summary of benefits processed by the Claims Administrator.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

A Federal law, HIPAA imposes requirements on employer health plans including concerning the use and disclosure of individual health information.

HOSPICE

A hospice is an institution that provides counseling and medical services that could include room and board to terminally ill individuals. The hospice must have required state or governmental Certificate of Need approval and must provide 24 hour-a-day service under the direct supervision of a physician. The staff must include a registered nurse, a licensed social service worker and a full-time claims administrator. If state licensing exists, the hospice must be licensed.

IN-NETWORK PROVIDERS

Preferred health care providers who have agreed to charge reduced fees to members.

INPATIENT

Being treated and admitted at a covered facility for an overnight stay either by a physician or from the emergency room.

LIFE THREATENING ILLNESS OR INJURY– EMERGENCY ROOM COVERAGE

An emergency medical condition is a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson (including the parent of a minor child or the guardian of a disabled individual), who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman and her unborn child) in serious jeopardy
- Serious impairment to bodily functions
- Serious dysfunction of any bodily organ or part.

Some examples of emergencies include:

- Heart attack, suspected heart attack or stroke
- Suspected overdose of medication
- Poisoning
- Severe burns
- Severe shortness of breath
- High fever (103 degrees or higher), especially in infants
- Uncontrolled or severe bleeding
- Loss of consciousness
- Severe abdominal pain
- Persistent vomiting
- Severe allergic reactions.

The Plan covers emergency services necessary to screen and stabilize a member when:

- A primary care physician or specialist physician directs the member to the emergency room
- A plan representative (employee or contractor) directs the member to the emergency room
- The member acting as a prudent layperson and a reasonable person would reasonably have believed that an emergency condition existed.

MARSH & MCLENNAN COMPANIES MEDICAL PLANS AND MEDICARE PRESCRIPTION DRUG COVERAGE FOR DISABLED EMPLOYEES

Marsh & McLennan Companies newsletter that provides an overview of how Medicare Part D could affect your Marsh & McLennan Companies prescription drug coverage. It highlights issues you'll want to think about as you consider your prescription drug options.

The US Federal government's health insurance program, administered by the Social Security Administration, that pays certain hospital and medical expenses for those who qualify, primarily those who are over age 65 or under age 65 and are totally and permanently disabled. Medicare coverage is available regardless of income level. The program is government subsidized and operated.

MEDICALLY NECESSARY

Healthcare services provided for the purpose of preventing, evaluating, diagnosing or treating a sickness, injury, mental illness, substance use disorder, condition, disease or its symptoms, that are all of the following

as determined by the Claims Administrator or its designee, within the Claims Administrator's sole discretion. The services must be:

- in accordance with Generally Accepted Standards of Medical Practice;
- clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your sickness, injury, mental illness, substance use disorder disease or its symptoms;
- not mainly for your convenience or that of your doctor or other health care provider; and
- not more costly than an alternative drug, service(s) or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. The Claims Administrator reserves the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be within the Claims Administrator's sole discretion.

The Claims Administrator develops and maintains clinical policies that describe the Generally Accepted Standards of Medical Practice scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. These clinical policies (as developed by the Claims Administrator and revised from time to time), are available to Covered Persons on www.myuhc.com, or mymedica.com, residents in MA, ME, NH use www.myharvardpilgrim.org or by calling the number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

MEDICARE

The US Federal government's health insurance program, administered by the Social Security Administration, that pays certain hospital and medical expenses for those who qualify, primarily those who are over age 65 or under age 65 and are totally and permanently disabled. Medicare coverage is available regardless of income level. The program is government subsidized and operated.

NOTICE OF CREDITABLE COVERAGE

The Medicare Modernization Act requires all group health plan sponsors that offer prescription drug coverage to provide notices to covered employees, retirees, and their dependents who are eligible for Medicare's new prescription drug benefit (Part D).

OUT-OF-NETWORK PROVIDERS

Non-preferred health care providers who do not charge reduced fees to members.

OUT-OF-POCKET EXPENSES

Subject to the following, the maximum amount you have to pay (excluding your contributions to participate in the plan) toward the cost of your medical care in the course of one year. There are some services and charges that do not count towards the out-of-pocket maximum, such as amounts exceeding plan limits, amounts exceeding the network negotiated price for prescription drugs, amounts your physician or health care provider may charge above the reasonable and customary charge.

OUTPATIENT

Treatment/care received at a clinic, emergency room or health facility without being admitted as an overnight patient.

A review service that helps ensure you receive proper treatment and services and that these services are provided in the appropriate setting.

Prior Authorization/Precertification/Utilization Review

You are responsible for preauthorizing out-of-network services only. Your in-network provider will preauthorize all other services to the extent required by your Claims Administrator.

PREDETERMINATION OF BENEFITS

This feature helps you estimate how much the Plan may pay (subject to your deductible and Plan maximum at the time the estimate is provided) before you begin treatment. It is intended to avoid any misunderstanding about coverage or reimbursement, and it is not intended to interfere with your course of treatment.

PRE-EXISTING CONDITION

A health problem you had and received treatment for before your current benefit elections took effect.

PRESCRIPTION DRUGS

- **Formulary/Brand Name (Preferred) Prescription Drugs.** A comprehensive list of preferred brand-name drug products that are covered under the plan. Preferred drugs are selected based on safety, effectiveness, and cost.
- **Generic Prescription Drugs.** Prescription drugs, whether identified by chemicals, proprietary or non-proprietary name, that are accepted by the FDA as therapeutically effective and interchangeable with drugs having an identical amount of the same active ingredient as its brand name equivalent.
- **Non-Formulary (Non-Preferred) Prescription Drugs.** Prescription drugs that do not appear on the formulary list are considered non-formulary or non-preferred; these drugs may either be excluded from coverage or may cost more.

PREVENTIVE/WELLNESS CARE

Annual examinations or routine care covered under the plan; care that prevents or slows the course of an illness or disease or care that maintains good health.

QUALIFIED FAMILY STATUS CHANGE (STATUS CHANGE, QUALIFIED CHANGE IN FAMILY STATUS, LIFE OR FAMILY CHANGE)

An event that changes your benefit eligibility. For example, getting married and having a child or your spouse or dependent lose other coverage. You can make certain changes to your before-tax benefit elections that are due to and consistent with the change in family status.

QUALIFIED MEDICAL CHILD SUPPORT ORDER (QMCSO)

A court order, judgment or decree that (1) provides for child support relating to health benefits under a plan with respect to the child of a group health plan participant or requires health benefit coverage of such child in such plan and is ordered under state domestic relations law or (2) is made pursuant to a state medical child support law enacted under Section 1908 of the Social Security Act. A QMCSO is usually issued requiring you to cover your child under your health care plan when a parent receiving post-divorce custody of the child is not an employee.

QUALIFYING EVENT

A “qualifying event” under COBRA includes loss of coverage as a result of your leaving the Company (other than for gross misconduct); a reduction in hours, your death, divorce or legal separation; your eligibility for Medicare, or a dependent child’s loss of dependent status; or, if you are a retiree, loss of coverage due to the Company filing for bankruptcy.

REASONABLE & CUSTOMARY (R&C) CHARGES/FEEES

Charges/fees that do not exceed the prevailing charges for comparable services in your provider’s area. The Claims Administrator determines these limits based on the complexity of the service, the range of services provided and the prevailing charge level in the geographic area where the provider is located. The plan’s reasonable and customary guidelines for professional services include up to the 85th percentile of providers’ charges in the area, and the full eligible charge for facility charges.

The plan does not cover amounts charged by providers in excess of the reasonable and customary charge for any service or supply. The Claims Administrator regularly reviews the reasonable and customary charge schedule. To confirm whether your provider’s charges are within the reasonable and customary limit, obtain a Predetermination of Benefits.

SPOUSE AND DOMESTIC PARTNER

Adding a spouse or same gender or opposite gender domestic partner to certain benefits coverage is permitted upon employment or during the Annual Enrollment period for coverage effective the following January 1st if you satisfy the Plan’s criteria, or immediately upon satisfying the Plan’s criteria if you previously did not qualify. To obtain domestic partner coverage, you will need to agree to the Affidavit of Eligible Family Membership declaring that:

Spouse / Domestic Partner

- You have already received a marriage license from a US state or local authority, or registered your domestic partnership with a US state or local authority.

Spouse Only

- Although not registered with a US state or local authority, your relationship constitutes a marriage under US state or local law (e.g. common law marriage or a marriage outside the US that is honored under US state or local law).

Domestic Partner Only

- Although not registered with a US state or local authority, your relationship constitutes an eligible domestic partnership. To establish that your relationship constitutes an eligible domestic partnership you and your domestic partner must:
 - Be at least 18 years old
 - Not be legally married, under federal law, to each other or anyone else or part of another domestic partnership during the previous 12 months
 - Currently be in an exclusive, committed relationship with each other that has existed for at least 12 months and is intended to be permanent
 - Currently reside together, and have resided together for at least the previous 12 months, and intend to do so permanently
 - Have agreed to share responsibility for each other’s common welfare and basic financial obligations
 - Not be related by blood to a degree of closeness that would prohibit marriage under applicable state law.

Marsh & McLennan Companies reserves the right to require documentary proof of your domestic partnership or marriage at any time, for the purpose of determining benefits eligibility. If requested, you must provide documents verifying the registration of your domestic partnership with a state or local authority, your cohabitation and/or mutual commitment, or a marriage license that has been approved by a state or local government authority.

In order to cover the child(ren) of a domestic partner, you will be required to agree to the Affidavit of Eligible Family Membership. Go to Colleague Connect (<https://colleagueconnect.mmc.com>), click **Career & Rewards** and select **Mercer Marketplace Benefits Enrollment Website** under Tools.

WAITING PERIOD/ELIMINATION PERIOD

The amount of time you must wait before being able to participate in a plan.
