Underlying Primary Levels of Coverage

What is the required primary insurance?

The coverage you elect through the Plan is intended to provide additional coverage over other collectable insurance. For some coverage you must maintain primary insurance in order to be fully covered. This is known as the Required Primary Underlying Limit. Besides protecting you against liability claims that exceed the required underlying limits of your primary policies, the Plan also covers some liability exposures which may be excluded by your underlying policies. These exposures have no required underlying limits and are covered from the first dollar of loss (except for the first \$1,000 of loss in North Carolina and the first \$10,000 of loss in Texas) unless otherwise stated in your policy.

The requirements for underlying levels of coverage are subject to change; check with Marsh US Consumer for the most recent information.

What are the required primary minimum underlying limits for insurance?

Following is the Schedule of Required Underlying Limits which describes the types of insurance that require primary minimum underlying limits:

Minimum Required Underlying Limits of Coverage Exposures	Coverage	Primary Minimum Required Underlying Limit
Automobile Recreational Vehicles Motorcycle	Bodily Injury Property Damage or Combined Single Limit	\$250,000 Per Person \$500,000 Per Occurrence \$50,000 Property Damage or \$500,000 Combined Single Limit
Homeowner's Personal	Combined Single Limit (Required on all property owned or rented)	\$300,000 Per Occurrence
Watercraft Liability**	Combined Single Limit (Boats less than 26 feet in length)	\$100,000 Per Occurrence
Watercraft Liability**	Combined Single Limit (Boats 26 feet in length or longer)	\$300,000 Per Occurrence
Employer's Liability	Combined Single Limit	\$100,000 Per Occurrence
Snowmobile Liability***	Combined Single Limit	\$500,000 Per Occurrence
Uninsured Motorist/Under Insured Motorist Protection*	Bodily Injury Property Damage or Combined Single Limit	\$250,000 Per Person, \$500,000 Per Occurrence \$50,000 Property Damage or \$500,000 Per Occurrence

* The Uninsured and Underinsured Motorist Coverage is limited to a maximum of \$1,000,000 regardless of coverage limit selected.

** There is no horsepower requirement under watercraft.

*** Snowmobile Liability requires \$500,000 Combined Single Limit, unless endorsed under the homeowner's policy.

What happens if I fail to maintain the required underlying limit?

If you fail to maintain the Required Underlying Limit for primary insurance, and there is an occurrence that would have been covered by such insurance:

- you will be responsible for the amount of damages up to the applicable minimum Required Underlying Limit of your required primary insurance (except as noted below)

- the Plan will only pay amounts in excess of your required underlying limits and any other collectible insurance (except as noted below).

Note: You must maintain primary liability coverage for watercraft or no coverage will apply under this policy.

The above Schedule of Required Underlying Limits is intended as a summary of the underlying limits; your CERTIFICATE OF INSURANCE provides your specific requirements.

Will my costs change?

Your cost for Group Umbrella Liability Insurance coverage may change. Generally, these changes may occur each January 1.

The Company reserves the right to change the amount you are required to contribute at any time.

How the Plan Works

This insurance covers you for personal injury and/or property damages to third parties, over and above the coverage that you may have through other insurance, including automobile and homeowner's insurance. These other policies are called primary insurance (meaning that these policies pay first), while the group umbrella coverage is activated only after the primary insurance is exhausted, or used up. Umbrella coverage is generally purchased to provide limits over and above primary insurance and to potentially provide coverage where a coverage gap may exist.

Examples of situations this coverage could potentially address are:

- serious auto and boat accidents
- youthful driver claims
- swimming pool accidents
- "slip and fall" accidents on your property
- snowmobile claims

- service on a homeowner's condominium or cooperative association, if not for profit
- service as a director or officer for a non-profit organization for which you do not receive any pay.

You may buy from one to five million dollars of liability coverage, in excess of your other primary insurance policy, through after-tax payroll deductions. The coverage is offered through Marsh US Consumer, a service of Seabury & Smith.

What's Covered

What does the Group Umbrella Liability Insurance cover?

The benefit will pay all sums (more fully defined by the term NET LOSS) that the employee becomes legally obligated to pay for personal injury or property damage in excess of the required underlying limit or in the excess of the retained limit, if applicable.

The benefit applies to personal injury and property damage worldwide if the personal injury or property damage occurs when the policy is in effect.

Other exclusions apply.

What is the retained limit?

Besides protecting you against liability claims which exceed the required underlying limits of your primary policies, this benefit also covers some liability exposures which may be excluded by your underlying policies. These exposures have no required underlying limits and are covered from first dollar of loss (except for the first \$1,000 of loss in North Carolina and the first \$10,000 of loss in Texas), unless otherwise stated in your policy.

I already have umbrella liability coverage. Is my Group Umbrella Liability Insurance coverage offered through Marsh US Consumer on top of that coverage?

Generally, yes. This coverage is excess over any other valid or collectable liability coverage. The Group Umbrella Liability Insurance is designed to be excess insurance, but that determination may be governed by the provisions in your other excess insurance contract. You should review your other insurance provisions to confirm what their requirements are.

My spouse has his/her own business. Is my spouse covered under Group Umbrella Liability Insurance while operating that business?

Generally, no this coverage applies to personal, non-business activities. Some coverage is provided for incidental business activities not exceeding annual gross revenue of \$15,000, or incidental, farming, not producing more than \$25,000 in annual gross revenue.

My spouse is a director of a non-profit organization. Is my spouse covered by Group Umbrella Liability Insurance while acting in his/her director capacity?

Yes, if any insured employee or spouse does not receive any pay. However, coverage is only provided based upon the insuring agreements of the policy. It is suggested that anyone serving as an officer or director obtain or be covered by non-profit directors and officers liability.

Supplementary Payments

Will anything else be covered?

In addition to the benefit policy's limit of liability, the benefit will pay on behalf of the employee:

- the cost of bail bonds required because of an occurrence. This includes related traffic violations resulting in bodily injury or property damage covered under this policy
- all costs taxed against an insured
- premiums on appeal bonds and bonds to release attachments in any suit defended by the insurer
- interest accruing after a judgment is entered in any suit defended by the insurer. The insurer's duty to pay interest ends when the insurer offers to pay that part of the judgment which does not exceed the limit of liability
- other reasonable expenses incurred at the insurer's request. This includes loss of earnings up to \$100 per day or a maximum of \$5,000
- identity fraud expense reimbursement up to a maximum of \$25,000
- kidnap expense up to a maximum of \$100,000 per occurrence
- up to \$12,000 for shadow defense for the insured to hire an attorney or law firm to evaluate and observe your defense. Written authorization and consent from the insured must be obtained before these fees or expenses are incurred
- if you do not own or lease an automobile, which you rent or borrow, the policy provides liability coverage for the use of non-owned automobile no longer than 60 days.

The amounts paid above will not reduce the limits of insurance. Please refer to your CERTIFICATE OF INSURANCE for more information.

Exclusions

What are the Plan exclusions?

The Plan does not provide for personal injury and/or property damage for:

- personal injury and/or property damage that is caused intentionally by the insured
- personal injury and/or property damage that is caused through the ownership, use or maintenance of aircraft (excluding aircraft and crew chartered by the insured)

 - resulting from the insured's business activities or property (except for rental property you own, the use of a passenger car not used to carry persons for a fee, volunteer work for charity or incidental business activities generating less than \$15,000 in gross annual revenues)
 - covered by a nuclear energy liability policy, or would have been covered by such a policy had the limit not been exceeded
 - arising out of a communicable sickness or disease by the insured
 - arising from a construction defect for a homeowner's condominium or cooperative association on which you serve
- property damage to property owned by the insured, or property rented to, used by, occupied by or in the care, custody or control of the insured, to the extent that the insured has agreed in writing to provide insurance for this property
- any obligation for which the insured may be held liable under any worker's compensation, non-occupational disability, unemployment compensation or similar law
- sums which an insured is entitled to recover from the owner or operator of an uninsured motor vehicle
- toxic mold.

The above is intended as a summary of the Plan exclusions; your CERTIFICATE OF INSURANCE provides specific coverage and exclusion details.
