Underlying Primary Levels of Coverage

What is the required primary insurance?

The coverage you elect through the Plan is intended to provide additional limits of coverage over your home, automobile and watercraft primary liability coverage. You must maintain primary insurance in order to be fully covered. This is known as the Required Primary Underlying Insurance. Failure by you or your family members to comply with this condition, or failure of any of your primary underlying insurers due to insolvency or bankruptcy, shall not invalidate this policy. In the event of any such failure, we shall only be liable in excess of the Required Primary Underlying Insurance and to no greater extent with respect to coverages, amounts and defense costs than we would have been had this failure not occurred.

The Plan will cover damages a covered person is legally obligated to pay for personal injury or property damage, caused by an occurrence:

- In excess of damages covered by the required primary underlying insurance; or
- from the first dollar of damage where no primary underlying insurance is required under this policy and no underlying insurance exists; or
- from the first dollar of damage where primary underlying insurance is required under this policy but no coverage is provided by the underlying insurance for a particular occurrence.

What are the required primary minimum underlying limits for insurance?

Following is the Schedule of Required Underlying Limits which describes the types of insurance that require primary minimum underlying limits:

Minimum Required Underlying Limits of Coverage Exposures	Coverage	Primary Minimum Required Underlying Limit
Automobile Liability	Bodily Injury	\$250,000 Per Person
Recreational Liability	Bodily Injury	\$500,000 Per Occurrence
Motorcycle Liability (Registered Vehicles)	Property Damage	\$50,000

Minimum Required Underlying Limits of Coverage Exposures	Coverage	Primary Minimum Required Underlying Limit

	Bodily Injury	\$300,000 Per Person
	Bodily Injury	\$300,000 Per Occurrence
	Property Damage Or Combined Single Limit	\$50,000 \$300,000

Failure to maintain the required minimum underlying limits of liability may result in a gap in coverage for which you will be financially liable.

* Boats 50 horsepower or more will require \$500,000 Combined Single Limit.

What happens if I fail to maintain the required underlying limit?

If you fail to maintain the Required Underlying Limit for primary insurance, and there is an occurrence that would have been covered by such insurance:

- you will be responsible for the amount of damages up to the applicable minimum Required Underlying Limit of your required primary insurance (except as noted below)
- the Plan will only pay amounts in excess of your required underlying limits and any other collectible insurance (except as noted below).

Note: You must maintain primary liability coverage for watercraft or no coverage will apply under this policy.

The above Schedule of Required Underlying Limits is intended as a summary of the underlying limits; your CERTIFICATE OF INSURANCE provides your specific requirements.

How the Plan Works

This insurance covers you for personal injury and/or property damages to third parties, over and above the coverage that you may have through other insurance, including automobile and homeowner's insurance. These other policies are called primary insurance (meaning that these policies pay first), while the Personal Excess Liability coverage is activated only after the primary insurance is exhausted or used up. Personal Excess Liability coverage is generally purchased to provide limits over and above primary insurance and to potentially provide coverage where a coverage gap may exist.

Examples of situations this coverage could potentially address are:

- serious auto and boat accidents
- youthful driver claims
- swimming pool accidents
- "slip and fall" accidents on your property
- snowmobile claims

- service on a homeowner's condominium or cooperative association, if not for profit
- service as a director or officer for a non-profit organization for which you do not receive any pay.

You may elect liability limits of \$1M - \$5M, \$10M, \$15M, \$20M and \$25M, which are in excess of your primary insurance liability policy limits. Premiums are payable through after-tax payroll deductions. Underwriting will be required for the coverage limit of \$25M. **Coverage automatically includes the Uninsured and Underinsured Motorist (UM/UIM) protection of \$1M.** UM/UIM coverage is available to purchase with \$2M, \$3M and \$5M limits. You must maintain required underlying limits on your personal liability insurance. Provides worldwide protection.

Participants **newly electing or increasing** coverage at the \$15M, \$20M and \$25M limit of liability will be required to have their underlining auto and home insurance through Chubb.

What's Covered

What does the Personal Excess Liability Insurance cover?

The benefit will pay all sums (more fully defined by the term NET LOSS) that the employee becomes legally obligated to pay for personal injury or property damage in excess of the required underlying limit or in the excess of the retained limit, if applicable.

The benefit applies to personal injury and property damage worldwide if the personal injury or property damage occurs when the policy is in effect.

Other exclusions apply.

What is the retained limit?

Besides protecting you against liability claims which exceed the required underlying limits of your primary policies, this benefit also covers some liability exposures which may be excluded by your underlying policies. These exposures have no required underlying limits and are covered from first dollar of loss, unless otherwise stated in your policy.

I already have Personal Excess Liability coverage. Is my Group Personal Excess Liability Insurance coverage offered through Mercer Voluntary Benefits (provided by Mercer Health & Benefits Administration) on top of that coverage?

Generally, yes. This coverage is excess over any other valid or collectable liability coverage. The Personal Excess Liability Insurance is designed to be excess insurance, but that determination may be governed by the provisions in your other excess insurance contract. You should review your other insurance provisions to confirm what their requirements are.

My spouse has his/her own business. Is my spouse covered under Personal Excess Liability Insurance while operating that business?

We do not cover any damages arising out of a covered person's business pursuits, investment or other for-profit activities, for the account of a covered person or others, or business property except on a follow form basis.

We cover damages arising out of volunteer work for an organized charitable, religious or community group, an incidental business away from home, incidental business at home, incidental business property, or residence premises conditional business liability unless another exclusion applies. We also cover damages arising out of your or a family member's ownership, maintenance, or use of a private passenger motor vehicle in business activities other than selling, repairing, servicing, storing, parking, testing, or delivering motorized land vehicles.

Unless stated otherwise in your Coverage Summary:

- "Incidental business at home" is a business activity, other than farming, conducted on your residence premises which must:
 - not yield gross revenues in excess of \$15,000, in any year, except for the business activity of managing one's own personal investments;
 - have no employees subject to worker's compensation or other similar disability laws;
 - conform to local, state, and federal laws.
- "Incidental business property" is limited to the rental or holding for rental, to be used as a residence, of a condominium or cooperative unit owned by you or a family member, an apartment unit rented to you or a family member, a one or two family dwelling owned by you or a family member, or a three or four family dwelling owned and occupied by you or a family member. We provide this coverage only for premises covered under the Required Primary Underlying Insurance unless the rental or holding for rental is for:
 - a residence of yours or a family member's that is occasionally rented and that is used exclusively as a residence; or
 - part of a residence of yours or a family member's by one or two roomers or boarders; or
 - part of a residence of yours or a family member's as an office, school, studio, or private garage.

- “Residence premises conditional business liability” is limited to business or professional activities when legally conducted by you or a family member at your residence. We provide coverage only for personal injury or property damage arising out of the physical condition of that residence if:
 - you or a family member do not have any employees involved in your business or professional activities who are subject to workers’ compensation or other similar disability laws; or, if you or a family member are a doctor or dentist, you do not have more than two employees subject to such laws;
 - you or a family member do not earn annual gross revenues in excess of \$5,000, if you or a family member are a home day care provider.

We do not cover damages or consequences resulting from business or professional care or services performed or not performed.

For further detail, or for information regarding incidental farming coverage, call +1 800 225 2265, Monday through Friday, 8 a.m. to 9 p.m. Eastern time and Saturday 8 a.m. to 2 p.m. Eastern time.

My spouse is a director of a non-profit organization. Is my spouse covered by Personal Excess Liability Insurance while acting in his/her director capacity?

Yes, if any insured employee or spouse does not receive any pay. However, coverage is only provided based upon the insuring agreements of the policy. It is suggested that anyone serving as an officer or director obtain or be covered by non-profit directors and officers liability.

Supplementary Payments

Will anything else be covered?

In addition to the benefit policy’s limit of liability, the benefit will pay on behalf of the employee:

- the cost of bail bonds required because of an occurrence. This includes related traffic violations resulting in bodily injury or property damage covered under this policy
- all costs taxed against an insured
- premiums on appeal bonds and bonds to release attachments in any suit defended by the insurer
- interest accruing after a judgment is entered in any suit defended by the insurer. The insurer’s duty to pay interest ends when the insurer offers to pay that part of the judgment which does not exceed the limit of liability
- Shadow Defense provides up to \$10,000 for you to hire an attorney or law firm to evaluate and observe your defense

- identity fraud expense reimbursement up to a maximum of \$25,000
- kidnap expense up to a maximum of \$100,000 per occurrence
- up to \$10,000 for shadow defense for the insured to hire an attorney or law firm to evaluate and observe your defense. Written authorization and consent from the insurer must be obtained before these fees or expenses are incurred
- if you do not own or lease an automobile, which you rent or borrow, the policy provides liability coverage for the use of non-owned automobile no longer than 60 days.

The amounts paid above will not reduce the limits of insurance. Please refer to your CERTIFICATE OF INSURANCE for more information.

 - covered by a nuclear energy liability policy, or would have been covered by such a policy had the limit not been exceeded
 - arising out of a communicable sickness or disease by the insured
 - arising from a construction defect for a homeowner's condominium or cooperative association on which you serve

- property damage to property owned by the insured, or property rented to, used by, occupied by or in the care, custody or control of the insured, to the extent that the insured has agreed in writing to provide insurance for this property
