#### “You,” “Your,” and “Employee”

As used throughout this plan summary, “employee”, “you” and “your” always mean:

- For Marsh & McLennan Companies participants: a US regular employee of Marsh & McLennan Companies or any subsidiary or affiliate of Marsh & McLennan Companies (other than MMA).
- For MMA participants: a US regular employee of MMA-Corporate, MMA-Alaska, MMA-Northeast, Security Insurance Services of Marsh & McLennan Agency LLC or Marsh & McLennan Agency LLC, Private Client Services – National Region (MMA PCS – National).

## Family Member Eligibility

Your eligible family members can use Teladoc Medical Experts. An eligible family member is your:

- domestic partner
- child for whom you are the legal guardian
- child of a domestic partner
- legally adopted child
- biological child
- spouse
- stepchild
- parent
- parent-in-law.

Dependent children are eligible until the end of the calendar year in which they attain age 26. This eligibility provision applies even if your child is married, has access to health coverage through his or her employer, doesn't attend school full-time or live with you, and is not your tax dependent.

Only dependent children over age 18 are permitted to call Teladoc Medical Experts. For dependent children under age 18, a parent or guardian must call on their behalf.

Marsh McLennan has the right to require documentation to verify the relationship (such as a copy of the court order appointing legal guardianship). Company medical coverage does not cover foster children or other children living with you, including your grandchildren, unless you are their legal guardian with full financial responsibility—that is, you or your spouse claims them as a dependent on your annual tax return.

## Coordination with Medical Plan

Teladoc Medical Experts is NOT health insurance and is not a replacement for health care coverage; it is an independent third-party provider.

## How the Program Works

Teladoc Medical Experts is an independent third-party provider that can help when you or covered family members face a medical decision. The Teladoc Medical Experts expert second opinion service is an in-depth medical review from a world-renowned specialist. They utilize their list of best-in-class physicians to help you confirm your diagnosis and treatment plan options. And unlike traditional second opinions, the entire Teladoc Medical Experts review process can take place over the phone, so you can call from the privacy of your home.

Teladoc Medical Experts provides a confidential, easy-to-use service to help employees, family and household members answer questions like:

- Do I really need surgery?
- My doctor says it's cancer, but benign, what if it's not?
- What are the treatment options that I should consider?

Teladoc Medical Experts provides you with an assigned physician who is available to speak with you Monday through Friday, 8:00 a.m. – 9:00 p.m. Eastern time; after these hours you can leave a message, which is generally returned the next business day.

After you call, a Teladoc Medical Experts assigned physician will conduct an in-depth discussion with you about your medical condition, including obtaining a full health history of you and your family. After the discussion, following your written authorization, Teladoc Medical Experts will gather medical records concerning your present condition and diagnosis.

When the records are received, the Teladoc Medical Experts clinical team will conduct a comprehensive analysis of your clinical information. The team will select the appropriate specialist(s) for your medical condition to evaluate your case, based on the most up-to-date medical thinking.

Your assigned physician will send you a report of the specialist's findings, summarized in an easy-to-read format, as well as a comprehensive Expert Report for your treating physician's reference. Teladoc Medical Experts will speak with you about the report's findings and then deliver the report to your treating physician, unless you do not authorize it.

Throughout the process, your physician is available to answer your questions. Depending on the complexity of the case and responsiveness of an individual's current physician(s) to requests for medical records, the Teladoc Medical Experts process takes two to eight weeks.

The Teladoc Medical Experts Find a Doctor program can help you locate a specialist or a new physician that fits your needs.

In addition, Teladoc Medical Experts offers a Medical Records eSummary™. Through the Medical Records eSummary™, Teladoc Medical Experts can collect and organize your medical records for you and provide them on an easy-to-access USB drive. You will also receive a personal Health Alert Summary based on the records collected, giving you a total snapshot of your medical wellness.

### ***Who are the doctors that Teladoc Medical Experts uses?***

Teladoc Medical Experts physicians are medical specialists selected through a comprehensive peer review process. Teladoc Medical Experts surveys doctors nationwide, asking them for an assessment of the clinical abilities of their peers, and yielding highly qualitative insight into the medical profession. Doctors cannot pay to be included on the list, or nominate themselves for the list. Each physician is confirmed to be board certified in their specialty, licensed to practice medicine in their jurisdiction and have a clear disciplinary record. The Teladoc Medical Experts in America™ database includes over 50,000 of the countries top physicians in more than 450 specialties and subspecialties of medicine.

***What kinds of medical diagnosis qualify for this service?***

There is no list of qualified conditions — just call if you are feeling unsure about something to do with your care. Most people who call Teladoc Medical Experts are trying to make a decision about their care and they will support you in doing that.

***Are there medical diagnoses that do not qualify for Teladoc Medical Experts?***

The Teladoc Medical Experts medical review program does not provide consulting services for cases being covered under Workers' Compensation. Other cases typically excluded are retrospective reviews for the purposes of gathering specialists' opinions for medical malpractice actions.

***When calling Teladoc Medical Experts, what information will my family member or I need to provide?***

You or your eligible family member will need to provide the company name and your name. You or your eligible family member should also have available any information regarding the issue, including contact information for your doctor and/or health plan provider. In addition, an authorization or release may be required.

***Will Teladoc Medical Experts be talking to anyone at my health plan provider?***

If you request and authorize information to be shared, Teladoc Medical Experts will release your report to the appropriate individuals (e.g. health plan provider case manager) involved with your care.

***Do I have to follow the recommendation of Teladoc Medical Experts?***

No. You remain in full control of your health care decisions. The information you and your treating physician receive from Teladoc Medical Experts is intended to help you make informed decisions regarding your treatment.

***Are the doctors paid for their review?***

Yes, they are paid by Teladoc Medical Experts. There is no charge to you.

***If I have an authorized unpaid leave of absence, can I still participate in the program?***

If Marsh McLennan grants you an authorized unpaid leave of absence, coverage for you and your family members continues for the duration of your authorized period of leave.

***If I become disabled, does the Plan still provide a benefit?***

During a period of approved disability, you and your covered family members remain eligible for coverage.

***If I die***

If you die while you are an active employee, your eligible family members may be eligible for coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA). For information on COBRA, see “Continuing Coverage” in the *Participating in Healthcare Benefits* section.

***If I no longer satisfy the Plan’s eligibility requirements***

When coverage ends, COBRA coverage may be available, as described under “Continuing Coverage” in the *Participating in Healthcare Benefits* section.

***If my family member loses eligibility status***

If your family member no longer meets the eligibility requirements, his or her coverage ends.

Family members who lose coverage may be eligible for coverage under COBRA provisions as described under “Continuing Coverage” in the *Participating in Healthcare Benefits* section.

***Do I have to use this program?***
